

## HARMONY™

Countertop Instant Heat  
Hot Water Dispenser

### Great Design

Utilizes Quartz Tube technology to provide infinite flow of 90 - 94°C hot water, +/- 2°C

When not in use, minimal power is required which greatly reduces overall energy usage per day

Utilizes an equalization chamber to stabilize varying incoming water pressures for a smooth and continuous flow of hot water

Service-friendly metric design makes set up and maintenance simple

Ideal for instant noodle, powdered drink, hot tea and soup preparation

Compact/lightweight countertop design

Large dispense area to accommodate a variety of containers up to 22cm tall

Durable ABS/SST construction provides years of equipment use

Faucet shank guard protects from hot surface contact

3-colored LED to indicate status of machine: heating, dispensing, ready to dispense, and error messages
