

Black & White

Superautomatic  
Espresso

Exceptional milk foam and espresso shot quality

[bunn.com/espresso](http://bunn.com/espresso)

## MEET THE BLACK & WHITE FAMILY

Black & White espresso systems are the foundation of your profitable espresso program. Whether it's C-store, Foodservice, Hospitality, or the Café, BUNN has the right Black & White for your business and your customers.

Black & White's expansive model range can meet low to high volume applications. Benefits include exceptional espresso, high quality hot or cold milk foam, and attended-serve models for hand-crafted beverages. Your BUNN representative will help you find the perfect fit.

Both your crew and your customers will love the large, intuitive touch screen interface to easily select their favorite beverages and options. And when it's time to clean, the large touchscreen guides your operators through daily and periodic cleaning with on-screen prompts.

### OPERATOR FRIENDLY

Both your crew and your customers will love the intuitive touchscreen interface to easily select their favorite beverages and options. And when it's time to clean, the large touchscreen guides your operators through daily and periodic cleaning with on-screen prompts.

### VERSATILITY

Easy-to-use programmable operation creates a specialty drink at the touch of a button.

### MODULAR DESIGN

Reduce downtime with easily removeable parts and simple maintenance. Fast module change-out improves repair time and first time fix rate.

## MEDIUM CAPACITY SUPERAUTOMATIC ESPRESSO

### Black & White 4 compact series

*Designed for 150 cups/day*

#### *Favorite Specialty Beverages at Your Fingertips*

BW4c CTM P-RS

BW4c CTM P-F-RS

**Expand beyond lattes and cappuccinos with profitable specialty beverages to delight your customers.** Both machines feature a 4.4lb chocolate powder hopper for hot chocolate and mochas, two 2.2lb (1kg) bean hoppers, and convenient 1 gallon (4L) on-unit milk refrigerator for long periods of consistent operation expertly crafting your beverages with perfect espresso and Black & White acclaimed hot and cold milk/foam. The BW4c CTM P-F-RS additionally holds up to four syrup flavors to effortlessly create café favorites, such as flavored mochas and seasonal beverage offerings.

## Black & White 3 series

*Designed for 250+ cups/day*

*High-volume Superautomatics*

BW3 CTS

BW3 CTMS

**Delight your customers with expertly hand-crafted beverages,** powerful steam wands enable your barista to perfectly craft milk for your customers' specialty beverages.
