What is Bubble Tea?

Bubble tea is a tea-based drink with chewy tapioca balls referred to as boba or pearls. This on-trend beverage is popular with Gen Z and Millennials and is taking the foodservice industry by storm!

The beverage commonly consists of a strong concentrate tea base, often made with black or green tea leaves or pearls, with chewy tapioca balls and additional toppings.

A New BUNN Solution

Add Bubble Tea to the menu with the new Bubble Tea Kit for BUNN Infusion Series. It is an easy upgrade for existing equipment that adds more flexibility for brewing multiple beverages within a single brewing platform.

The kit comes with a Bubble Tea Funnel and USB Stick with software update for BUNN Infusion Series.

Simply upload software to enable the Recipe Temperature feature and in conjunction with the Bubble Tea funnel with new optimized tip, instantly brew a strong bubble tea concentrate that will enhance the quality of all your Bubble Tea beverages.

The Peak Extraction® sprayhead on BUNN Infusion Series provides improved uniformity of extraction and when coupled with SmartWave on the Platinum Edition further enhances saturation of tea leaves helping them to completely unfurl during the brewing process.

Compatible with any USB equipped Infusion Series® and Platinum Edition® models.
