Beverage Equipment Systems for  
**AMUSEMENT  
& LEISURE**

The Amusement & Leisure channel boasts the second-highest consumption rate of frozen beverages in all of foodservice\*. However, reliability is just as important as the beverage menu, especially when considering the high service volume requirements and the demanding operating atmosphere. This set of recommended equipment covers every beverage type, is ideal for the Amusement & Leisure channel and addresses customer demand as well as operator profitability.

## COFFEE

Serve quality coffee for any plumbing set up, environment, or service volume

**AXIOM® Brewers**  
Digital Brewer Control for precise coffee extraction. Brew into decanter or insulated servers.

**Infusion Series®**  
Achieve a variety of flavor profiles and batch options with programmable Digital Brewer Control, dial in your beverages with USB recipe programming, and tackle any environment with versatile serving options

## GRINDERS

**Multi Hopper**  
Portion controlled for the right amount of coffee every time, with 3 batch sizes per hopper

## COLD BREW & ICED COFFEE

Smooth cold brew and velvety nitro infusion

**Nitron® Cold Draft Dispenser**  
The BUNN Nitron delivers authentic cold brew taste without a lengthy brewing process, and the Nitro tap infuses your beverages with a cascade of microbubbles, creating a velvety-soft mouthfeel without milk or sugar

\*NPD Crest YE' November 2017

## FROZEN GRANITA/SLUSHY

Reliably serve delicious, frosty beverages

**Ultra® Frozen Systems**  
The BUNN Ultra 2 provides reliable service and flavor all day long, thanks to durable reverse auger technology

## JUICE

Serve orange, apple, cranberry, and other juices with reliable quality

**JDF Cold Systems**  
Cold beverage dispenser with High Intensity® mixing delivers superior drinks

## COLD WATER

**BUNN refresh® Counter Top**  
Cold purified water, dispensed sparkling or still

## BEAN-TO-CUP

Our single cup platforms offer high quality beverages for every taste, using a fresh and appealing Bean-to-Cup process

**Sure Immersion®**  
Cup after Cup of fresh, expertly extracted coffee

**Crescendo®**  
Authentic espresso enjoyed purely, or built into your choice of 9 premium cafe beverages

## ESPRESSO

**Sure Tamp® Superautomatic**  
Constant and consistent espresso

## CAPPUCCINO/ HOT CHOCOLATE

Treat your guests to comforting, hot beverages in a variety of flavors

**iMIX® Hot Beverage Systems**  
Sleek powdered beverage dispenser features a high-intensity mixing chamber that delivers hot drinks with exceptional reliability and taste
