Beverage Equipment Systems for
**LODGING &
HOSPITALITY**

Nearly 90% of all Lodging restaurant checks include a beverage. For the business of Lodging and Hospitality, it's important to have equipment capable of meeting the self-serve needs of the morning breakfast line, as well as equipment that can serve an entire banquet. This set of recommended equipment covers every beverage type, is ideal for the Lodging and Hospitality channel and addresses customer demand as well as operator profitability.

COFFEE

Serve quality coffee for any plumbing set up, environment, or service volume

MEDIUM VOLUME

AXIOM® Brewers
Digital Brewer Control for precise coffee extraction

CWTF Brewers
Medium volume brewing solution with simple switch controls

Infusion Series®
Achieve a variety of flavor profiles and batch options, dial in your beverages with USB recipe programming, and tackle any environment with versatile serving options

V Series Brewers
Simple switch control coffee service that does not require plumbing or special wiring

HIGH VOLUME

Titan® DBC® Brewers
High volume solution using fresh ground coffee and featuring portable servers

SINGLE CUP

My Cafe® MCO
Single Serve Cartridge Automatic Brewer

GRINDERS

Multi Hopper
Portion controlled for the right amount of coffee every time, with 3 batch sizes per hopper

BEAN-TO-CUP

Our single cup platforms offer high quality beverages for every taste, using a fresh and appealing Bean-to-Cup process

Sure Immersion®
Cup after Cup of fresh, expertly extracted coffee

Crescendo®
Authentic espresso enjoyed purely, or built into your choice of 9 premium cafe beverages

COLD WATER

Keep hydrated with cold, purified water - with an option for long lasting sparkling water

BUNN refresh® Counter Top & Tower
Cold purified water, dispensed sparkling or still

COLD BREW & ICED COFFEE

Smooth cold brew and velvety nitro infusion

Nitron® Cold Draft Dispenser
The BUNN Nitron delivers authentic cold brew taste without a lengthy brewing process, and the Nitro tap infuses your beverages with a cascade of microbubbles, creating a velvety-soft mouthfeel without milk or sugar

ESPRESSO

Sure Tamp® Superautomatic
Simple solution for constant and consistent espresso beverages from a sleek, compact super-automatic

JUICE

Serve orange, apple, cranberry, and other juices with reliable quality

JDF Cold Systems
Cold beverage dispenser with High Intensity® mixing delivers superior drinks

ICED TEA

Fresh tea made simple

ITB-DD, Infusion Series® BrewWISE® DBC® Tea
Achieve a variety of beverages with programmable Digital Brewer Control

FROZEN GRANITA/SLUSHY

Delicious, frosty beverages are the perfect compliment to a busy hotel

Ultra® Frozen Systems
The BUNN Ultra 2 provides reliable service and flavor all day long, thanks to durable reverse auger technology

CAPPUCCINO/ HOT CHOCOLATE

Treat your guests to comforting, hot beverages in a variety of flavors

iMIX® Hot Beverage Systems
Sleek powdered beverage dispenser features a high-intensity mixing chamber that delivers hot drinks with exceptional reliability and taste

HOT WATER

H3X - Precise Temperature Hot Water Dispenser
Compact, stylish and easily programmed, the H3X provides water in a range of temperatures from 60° - 212°F (15.6° - 100°C)
